

June 2020

The events of the past weeks have brought into focus a stark reminder to all of us of the disturbing inequities that continue to exist in our communities and in our world. The frustration and grief are unmistakable and understandable. The oppression, stigmatization and discrimination of racialized communities must cease. We must address them at community levels and in the places of power.

Eastview Neighbourhood Community Centre has stood for almost 50 years as a place that works diligently to foster equality. Today Eastview stands with those who rightly challenge the inequalities that still endure.
