<b>Falling down often</b> For older people	<input type="checkbox"/> Yes	<input type="checkbox"/> No

2. Have you travelled outside of Canada in the last 14 days?  
 Yes  No
3. In the last 14 days, has a public health unit identified you as a close contact of someone who currently has COVID-19?  
 Yes  No
4. Has a doctor, health care provider, or public health unit told you that you should currently be isolating (staying at home)?  
 Yes  No
5. In the last 14 days, have you received a COVID Alert exposure notification on your cell phone?  
 Yes  No

If you already went for a test and got a negative result, select "No."

## Results of Screening Questions

-  If you answered "YES" to any of the symptoms included under question 1:
- Contact the school/child care to let them know about this result.
  - You should isolate (stay home) and not leave except to get tested or for a medical emergency.
  - Talk with a doctor/health care provider to get advice or an assessment, including if you need a COVID-19 test.
  - Household members without symptoms may go to school/child care/work. Check your local public health unit's website or call to see if they have different rules based on local risk.
-  If you answered "YES" to question 2 or 4:
- Contact the school/child care to let them know about this result.
  - You should isolate (stay home) for 14 days and not leave except to get tested or for a medical emergency.
  - Follow the advice of public health. You can return to school/child care only after you are cleared by your local public health unit.
  - Household members without symptoms may go to school/child care/work. Check your local public health unit's website or call to see if they have different rules based on local risk.
-  If you answered "YES" to question 3:
- Contact the school/child care to let them know about this result.
  - You should isolate (stay home) for 14 days and not leave except to get tested or for a medical emergency.
  - Talk with a doctor/health care provider to get advice or an assessment, including if you need a COVID-19 test. You can return to school/child care only when you are cleared by your local public health unit, regardless of test result.
-  If you answered "YES" to question 5:
- Contact the school/child care to let them know about this result.
  - You should isolate (stay home) for 14 days and not leave except to get tested or for a medical emergency.
  - Visit an assessment centre to get a COVID-19 test. Talk with a doctor/health care provider for more advice.
-  If you answered "NO" to all questions, you may go to school/child care.

### Public Health Ontario - Contact Tracing

**Answering these questions is optional.** This information will only be used by Public Health officials for contact tracing. All information will be deleted in 28 days.
